The sessions are light and easy, with a choice of either Creative or Survival mode, and for those who want a challenge they can take part in our Survival Score game. Play can be done solo or with others (their choice), and help and advice is always at hand to help the kids and guide them during play. We welcome everyone from complete beginners to experienced players. The Club House can accommodate up to 12 players, so socialising, spectating, and offering help to others, all form a great vibrant session.
